

June 16, 2020

The Honorable Lindsey Graham  
U.S. Senate Committee on Appropriations  
Washington, D.C. 20510

The Honorable Jim Risch  
Senate Foreign Relations Committee  
Washington, D.C. 20510

The Honorable Member Patrick Leahy  
U.S. Senate Committee on Appropriations  
Washington, D.C. 20515

The Honorable Bob Menendez  
Senate Foreign Relations Committee  
Washington, D.C. 20515

Dear Chairman Graham, Ranking Member Leahy, Chairman Risch, and Ranking Member Menendez:

As nearly 1,000 supporters of American Jewish World Service from 46 states and the District of Columbia, we write today to raise our voices in support of global lesbian, gay, bisexual, transgender, queer, and intersex (LGBTQI+) human rights. As we mark Pride Month, we are deeply concerned about the ways in which the global COVID-19 pandemic is disproportionately impacting the most vulnerable groups across the world, including those in the LGBTQI+ community. **We strongly urge the Senate Committee on Appropriations and the Senate Foreign Relations Committee to support the needs of LGBTQI+ people during this crisis,** by adding non-discrimination language and bolstering protections for LGBTQI+ people and other vulnerable groups in foreign assistance funding and any future COVID-19 relief packages.

In 70 countries across the world, people are criminalized for being LGBTQI+; in many others, they face barriers to healthcare, employment, housing, and other services simply because of who they are or whom they love. Tragically, we have already seen that the global COVID-19 pandemic exacerbates these challenges. LGBTQI+ people experience higher rates of several underlying health conditions that increase the risks associated with COVID-19. As the global pandemic unfolds and lockdowns are put in place, the LGBTQI+ community must continue to receive essential healthcare services—including HIV treatment and prevention, sexual and reproductive healthcare, and hormone replacement therapy—that were difficult to access even prior to the crisis due to their sexual orientation, gender identity, or sex characteristics.

Meanwhile, lockdowns across the world have devastated those employed in the informal economy, where many LGBTQI+ and other vulnerable people earn their incomes, putting many on the brink of poverty. Because of this economic hardship, many in the LGBTQI+ community have been forced to return to homes with hostile family members, increasing rates of gender-based violence.

Furthermore, we are deeply disturbed by increasing rates of violence and discrimination against the LGBTQI+ community and other marginalized populations as authoritarian countries seek to use COVID-19 to violate the human rights of the most vulnerable. We steadfastly oppose these

actions, such as the arrests of 20 LGBTQI+ individuals in Uganda, along with rhetoric scapegoating LGBTQI+ communities and sex workers for the spread of the disease.

We will not remain silent as LGBTQI+ people and other vulnerable groups around the world suffer discrimination during a global pandemic. Given our concerns, **we strongly urge the inclusion of the following measures in all COVID-19 international relief packages and future foreign assistance funding to ensure that the most vulnerable – including LGBTQI+ people – are supported:**

- Require that all international assistance programming be carried out in a non-discriminatory way;
- Remove any barriers to accessing healthcare services, including the global gag rule, which put the lives of people across the world at risk;
- Provide robust funding to maintain and strengthen global health programs, including those related to HIV treatment and prevention and family planning and reproductive health;
- Require reporting on human rights violations against LGBTQI+ and other vulnerable communities through the duration of the COVID-19 pandemic; and,
- Increase funding to locally-led organizations providing support to their communities during this challenging time.

It is only by supporting the rights of the most marginalized populations and opposing hate and discrimination that we can build a more just world.

Sincerely,

**The undersigned 944 supporters of American Jewish World Service**
